Topic: How to get result out of nothing

Minister: PST ENYIOMA

## Notes

Isiah 54:1-3 ;

The supernatural realm is more real than the person seating next to you and it controls what happens in the earthly realm . Have you seen somebody having fever, how he/she shivers, from something, you cannot see. When you slap somebody, the person feels it, but you can wash somebody down even without touching or slapping the person the person feels it.

Gen 1:1 The first thing God did was to call forth light , not light of the sun , but the light of revelation. So if your life ,your destiny is scattered , don't waste your time arranging it , get your insight, get your revelation. You can never arrange your destiny without a dream , without a revelation.

The first stage in getting result out of nothing is that it must be registered in your heart. How can you know what God has planned about you if you cannot even see it. Joel 2:28.

- Dreams , visions, praise anytime you want to call forth things from nothing you must call forth these three things,
  - Habakuk 2:1 write down the vision. If you don't know what your dream is all about, if you cannot visualise it how can you explain it to others. It can't be in your mind it can't even be in your head. You have to write it down. God is not the one holding your breakthrough, God is not the one that made you to live where you live. Eph 1:3. .... God is not the one stoping you from owning a car. “Bless be the lord who has blessed us in heavenly places”. If God has given you everything you have to access them everything you need in this life has been paid and planned and package for you. Eph ;;20 ..... according to the power that works in us;
  - Your prayer , .. What do you pray
  - Vision / dream. What you dream. What God needs from you is your vision your goals your prayer. If you have money without a goal it is just a matter of time, before you loose everything.
  - The dream of your heart will not come to pass until you see it. Your dream can die if it is not written, if you cannot see it. That is why sometimes it is necessary to have a picture form of that vision God has given you. Your dream must be fed. When you don't feed your dream you loose it. Heb 6:7

When you have a dream people come your way, people come for a season, For reason, For a lifetime.

It is when you have a dream that you understand that people can come into your life for specific purposes . Just like the main actor in a movie, no matter what happens you know everything is working for your good. it is not every body that will buy into your dream. But know that you have a backing even when people don't believe in you because Heaven and earth shall pass away but my word...

- God in the bible told the children of the vision of the promise land, but he did not tell them of the battles ahead. If your dream does not mix with faith there is something missing Heb 11:3 ... by faith we understand that the .... “ how desperate are you for your dream, because a dream can be starved to death if it is not fed.

What to do to keep your dream alive

- You must create a picture of your dream and review it over and over. Just like how Jacob said I saw in a dream . Celebrate your dream, in the little aspects little by little. The problem some of us have is that we don't thank God even though it does happen. But we should thank God . Give thanks. Most times our dreams die because we don't give thanks.
- You must surround your self with successful people. Look for people that has done something similar, people you need to surround your self with because they have done it before. Some people out of envy can kill your dream . Friendship is not by force it is by choice. Every friendship has a reason. Surround your self with people that are positive, not people that have no future. Some people you associate with , they bring out the king in you, what God has already put in you.
- You must remove distractions, that is why Jesus said to Martha you concern yourself with too many things. Focus on one thing and it will open other Channels, that thing the God has Called you for. You ask God what is it that you want me to do that will open up other channels.
- You must have a positive Mindset, you can't bad mouth what you are believing God for, get pregnant with this dream , this vision is for an appointed time, it might be delayed but cannot be destroyed. So ask your self am I still standing strong am I still in line. No matter how your life is if you can run with God and you surround yourself with your David the Barnabas the Jonathan , all things are possible, and the anointing is generated through praying , no matter how the storms of life is , there is always Jesus in the boat. The same way when you activate the spirit through praying in the spirit. No matter how the issue is , praise God, pray. And Elijah said give me a minstrel let me play, and how did Elijah see these things because there is a personality in him that has seen the future the past and is in the present in you, he is the Holy Ghost that lives inside of us , the spirit that resurrected Christ from the grave if it lives in you it will quicken your mortal bodies , know that he became poor so that we can be rich , he became sick so that we will be whole, know that this is not the end, God is with you.
