

SUNDAY SERVICE 19TH MAY

THEME : "OUR MONTH OF BIG THINGS, OUR MONTH OF SONSHIP OUR MONTH OF GRACE"

MINISTER: PST ENYIOMA

TOPIC: UNDERSTANDING TIMES AND SEASONS, SEASONS OF LIFE

NOTES

Whenever we don't understand times and seasons compromise sets in, and we feel God cannot do what we want him to do in our lives.

Eccl 3:1.

Controls purpose .

Whenever there is a prophetic word over your life he sets int with or to an appointed time and season. Every thing God is doing on planet earth has times and seasons. God is a God of time God is a God of Season. Whenever people understand the understanding of time and season they are always ahead. 1 Chron 12;32. That's why we seperate our selves from people complaining.

SEASON OF WINTER; A SEASON OF LONLINESS AND HOPELESSNESS AND WHENEVER YOU SEE PEOPLE IN THIS. There are self imposed wilderness, one of the major reasons is character flaws cuz you can put yourself in as . One thing God does to help you is that He brings a relationship your way. Whenever there are character issues or charscwte flaws people put themselves in seasons they ar not meany to be.

For. Example In anger issues in your place of work or you feel disengagement . Int looks as if all hell as been let loose. In this season there is something you need to do. Because if you don't have revelation you will stay longer in that winter season and if you don't have revelation is that you will not be able to stand. When it requires a formidable revelation of Christ, you need to have an inward witness if who you rein christ. It is an unusual setting that enables people to navigate through this season. That is why mango trees don't bother as long as they're seeds .

When you don't understand the things move you will not be able to judge a tree properly because you will be judging a tree based on its winter season. What do you do in your winter season, do you say all things are lost. As for farmers in the winter season the tree goes back to its root, goes back to its source. And this season is very important because it removes you from the spotlight so you can work on yourself. And your wilderness season is dependent on you. Cell 10;16. If you are a child of God nothing happens to you by accident.

Did always prepares you ahead of time, so at that winter season sharpen your tools don't waste this season and when you cross this season you know and understand now that what you learnt in this season would sustain you in your promise land. Every problem is a wisdom problem so get wiser. Most times most people don't utilise their winter season. When you complain you don't see the hidden potential in you. Every season is meant to make you better, so the question you should ask in this season is what do you need learn who do you need to meet. You get to that point you start building yourself and the you in you become bigger than what you have ever imagine. X

What you can stand on in this season is to know, Rom 8:12, what you need to know is that you should not make permanent decisions on temporary situations, in this season you learn, in this your winter season what are you feeding on, what are you doing. When things are to working for you what God wants for you is for you to experience him. That is why if you don't experience your winter season or if you are helped you will not know what to do when you leave your winter season, if you miss your winter season, you tend to go back to this season. Every stage is very important. Don't pray to leave the winter season rather pray for what to do in this season. Acts 9:6

SPRING SEASON: One of the things you notice in spring is that the almost dead tree, you see it coming back to life, you see bees and butterflies, and this season they think they have arrived but what you do in this season is to build good relationship with men. Prov 22:1 and if you are not careful you lose this season. WHEN believers don't understand this season they mess up. This season is a season to build a good name, build character, build integrity. Every season must come and if a season comes and you are

not ready to pass that season you remain there. One of the things you have to know is that it is better to loose the deal but mai nain your name. As long as the character remains intact, whenever you see yourself in this season don't move faster than your shadow, it is not the time to start taking care of family issues, in this season work on your name first, work on your integrity, if you are a debtor . If you are in this season, you observe delay gratification. If you are a lady and in your compound and you have a bad character or name work on it.

ECLL 3:9

In 2 cor 3:18 , while we look not at the things ... The problem is not the season you are in. The first season ,
The winter season; When we complain and murmur we are in our winter season but rather than complain , there are things we need to learn in this season. Most of us put full stops in our seasons rather than add a comma. Don't think there is nothing good about ourself. There are self imposed winters when God has puts you into a relationship, sometimes we self impose our winter because of character flaws like anger issues. Act of God or emergncies, can also cause winter seasons. But there is no child of God that something happens to without God preparing for you. Your wilderness sees n is ax Italy o elf the best seasons because it enables you to identify yourself. To understand who you are in Christ. Every wilderness requires revelation to navigate and surmount this season. What your season produces is more important than the trials. It is a time for you to build to look inwardsd codevelop to work on yourself . Sometimes we need to sit and ask ourselves what am I not missing. What do I have to do what do I have to do. Every wilderness season is a time for you to grow. In the wilderness season wen have enough time. There's no body's holding or Your spiritual season is where you instead of complaining get stronger get wiser because the problem is not the trials the problem is God. Step up and increase your strength. Don't blame people there is something you don't know. It is not the problems you should focus on , it is you coming out stronger wiser and coming out richer. When you are in life ask yourselves these questions am I changing.

The promise land is a place of work. When God gives you time it is meant to be invested. This season you are going to exit this season and to be equipped but you need to be prepared.a man diligent in his works..., When you understand that a new season his about to be birthed.

SPRING SEASON; a funny season, small hopes and good signs like a tree that just starts blossoming, and that's when people think they have arrived but they don't know they have to build their name. The only thing you can keep more than anything else is a good name. Here people start playing games with their little breakthroughs, charging more than your service. A time will come when you charge based on your name so first build a name. Your winter state is because you did not value money Parkinson's law. That's why some people don't leave thus season, because until you pass this season God will not

- SUMMER SEASON; Beyond butterflies , you now see fruits, and then birds come to perch because they can see fruits. This season comes with a lot of distractions and exposure . The key to this season is humility when you understand that this season is temporary. En 41:36 Seasons are not permanent, utilise it. Especially for the ladies when you see a guy with character in his spring period , he is a serious catch. 1 Tim 6;17-18.

- Your summer season brings pride. Deut. 8:12. When some people enter into their spring season they forget all about their winter season. It is what you do in your summer that determines your next season. In your summer season you drop bad habits and carry new ones. What are you doing at the moment , don't tell God if you do this, can you be corrected, can you be instructed, this is the time you have to uphold character, when you enter your summer you understand your relationship is more important.

- SEASON OF FALLS; THIS season SETS YOUR LEGACY ; were there fruits stored, here .

ESSENCE OF LIFE

- Wasted life: Just to enjoy.

- Spent life: Here they live, Just to enjoy, spending on your ego just you you you , only for yourself
- Invested life; the life you spent on people.

Most times when we are experiencing our dry season it is because God wants to reveal himself to you.

When you are looking for something and then that thing you are looking for and somebody else gets it but just know that the place God is taking you to will be a place where what you are looking for will become a demotion.

Every season has a time every season has a purpose.
